ThermOmegaTech®

MODEL MRE

WASHDOWN STATION ENCLOSURE

The **Model MRE** enclosure is specifically designed to provide a secure, uncluttered environment for ThermOmegaTech® Washdown Stations, Hoses and Guns. The **MRE** stainless steel enclosure is intended for recessed wall type installations and is flush mount which allows the doors to open a full 180° for easy accessibility. Two separate hose racks are included to accommodate convenient access and storage for short or long hoses up to 100ft.

DESIGN FEATURES

- 304 stainless steel - Corrosion resistant
- Lockable 3-point door latch
- Removable hose rack for 25ft, 50ft, 100ft long hose
- Removable low mounting hose rack for 25ft, 50ft long hose
- Drain port
- Steam inlet pipe insulation supplied. Insulation must be installed
